

Accessories

In addition to our four production size rotary treating/coating systems, Universal Coating Systems offers system accessories such as powder feeders and conveyors. As a dealer for vibratory screening units and A.C.T. dust collection systems, our affiliations allow us to offer customers a complete coating or treating system to meet any production requirements.

Powder Feeders

- Offered in a variety of different sizes:
 - 1" auger
 - 1.5" auger
 - 3" auger
- Optional:
 - WIPS "Weigh in place" loss in weight system for both liquid and powder applications
 - Rolling carriage

Conveyors

- Custom length conveyors
- Stainless steel frame
- Optional adjustable portable undercarriage
