

CleanCoat 2

CleanCoat 2 is used for the treatment and coating of a variety of organic crop and vegetable seeds. CleanCoat 2 is available in a range of shades of blue and green.

- USDA NOP compliant organic seed treating and coating
- OMRI Listed
- Applications:
 - Film Treating
 - Coating
- Features:
 - High Binding Capability — Reduced dust off, less treatment lost
 - Ready-to-use Colored Formulation — One application for polymer and colorant
 - Broad Compatibility — Formulated to work with most treatment chemicals
 - Easy cleaning of equipment after use

Applications Testing Lab

Universal Coating Systems has an applications testing lab at our Independence, Oregon facility where we can do applications testing in our rotary treatment systems to evaluate any products or materials a customer may want to test.
